ALLIED FAMILY SECTION

A List of Individuals Related by Marriage or Descent to the Wilbore Family

The individual names shown are recorded in three divisions, to which the numbers in right margin refers. The "W" (W-155) are a single family or group of families, descended from an individual, who cannot be connected with the main family tree because of lack of information. The numbers (BFW-5369) refer to the BFW Notes, a collection of Wilbore Births, Marriages, Deaths, etc., by Benjamin F. Wilbour, single items indexed cannot be connected with other records. The regular family is indexed by generations, "A" for first generation, "B" for second, etc. The letter preceding the number indicates the generation of the individual listed.

ALLIED FAMILY SECTION

A List of Individuals Related by Marriage or Descent to the Wilbore Family

The individual names shown are recorded in three divisions, to which the numbers in right margin refers. The "W" (W-155) are a single family or group of families, descended from an individual, who cannot be connected with the main family tree because of lack of information. The numbers (BFW-6369) refer to the BFW Notes, a collection of Wilbore Births, Marriages, Deaths, etc., by Benjamin F. Wilbour, single items indexed cannot be connected with other records. The regular family is indexed by generations, "A" for first generation, "B" for second, etc. The letter preceding the number indicates the generation of the individual listed.

ALLIED FAMILY SECTION

A List of Individuals Related by Marriage or Descent to the Wilbore Family

The individual names shown are recorded in three divisions, to which the numbers in right margin refers. The "W" (W-155) are a single family or group of families, descended from an individual, who cannot be connected with the main family tree because of lack of information. The numbers (BFW-6284) refer to the BFW Notes, a collection of Wilbore Births, Marriages, Deaths, etc., by Benjamin F. Wilbore, single items indexed cannot be connected with other records. The regular family is indexed by generations, "A" for first generation, "B" for second, etc. The letter preceding the number indicates the generation of the individual listed.

ALLIED FAMILY SECTION

A List of Individuals Related by Marriage or Descent to the Wilbore Family

The individual names shown are recorded in three divisions, to which the numbers in right margin refers. The "W" (W-155) are a single family or group of families, descended from an individual, who cannot be connected with the main family tree because of lack of information. The numbers (DFW-6860) refer to the DFW Notes, a collection of Wilbore Births, Marriages, Deaths, etc., by Benjamin F. Wilbour, single items indexed cannot be connected with other records. The regular family is indexed by generations, "A" for first generation, "B" for second, etc. The letter preceding the number indicates the generation of the individual listed.

ALLIED FAMILY SECTION

A List of Individuals Related by Marriage or Descent to the Wilbore Family

The individual names shown are recorded in three divisions, to which the numbers in right margin refers. The "W" (W-155) are a single family or group of families, descended from an individual, who cannot be connected with the main family tree because of lack of information. The numbers (BFW-6369) refer to the BFW Notes, a collection of Wilbore Births, Marriages, Deaths, etc., by Benjamin F. Wilbour, single items indexed cannot be connected with other records. The regular family is indexed by generations, "A" for first generation, "B" for second, etc. The letter preceding the number indicates the generation of the individual listed.

ALLIED FAMILY SECTION

A List of Individuals Related by Marriage or Descent to the Wilbore Family

The individual names shown are recorded in three divisions, to which the numbers in right margin refers. The "W" (W-155) are a single family or group of families, descended from an individual, who cannot be connected with the main family tree because of lack of information. The numbers (BFW-6369) refer to the BFW Notes, a collection of Wilbore Births, Marriages, Deaths, etc., by Benjamin F. Wilbour, single items indexed cannot be connected with other records. The regular family is indexed by generations, "A" for first generation, "B" for second, etc. The letter preceding the number indicates the generation of the individual listed.

ALLIED FAMILY SECTION

A List of Individuals Related by Marriage or Descent to the Wilbore Family

The individual names shown are recorded in three divisions, to which the numbers in right margin refers. The "W" (W-155) are a single family or group of families, descended from an individual, who cannot be connected with the main family tree because of lack of information. The numbers (BFW-6383) refer to the BFW Notes, a collection of Wilbore Births, Marriages, Deaths, etc., by Benjamin F. Wilbour, single items indexed cannot be connected with other records. The regular family is indexed by generations, "A" for first generation, "B" for second, etc. The letter preceding the number indicates the generation of the individual listed.

ALLIED FAMILY SECTION

A List of Individuals Related by Marriage or Descent to the Wilbore Family

The individual names shown are recorded in three divisions, to which the numbers in right margin refers. The "W" (W-155) are a single family or group of families, descended from an individual, who cannot be connected with the main family tree because of lack of information. The numbers (BFW-6389) refer to the BFW Notes, a collection of Wilbore Births, Marriages, Deaths, etc., by Benjamin F. Wilbour, single items indexed cannot be connected with other records. The regular family is indexed by generations, "A" for first generation, "B" for second, etc. The letter preceding the number indicates the generation of the individual listed.

ALLIED FAMILY SECTION

A List of Individuals Related by Marriage or Descent to the Wilbore Family

The individual names shown are recorded in three divisions, to which the numbers in right margin refers. The "W" (W-155) are a single family or group of families, descended from an individual, who cannot be connected with the main family tree because of lack of information. The numbers (BFW-6369) refer to the BFW Notes, a collection of Wilbore Births, Marriages, Deaths, etc., by Benjamin F. Wilbour, single items indexed cannot be connected with other records. The regular family is indexed by generations, "A" for first generation, "B" for second, etc. The letter preceding the number indicates the generation of the individual listed.

ALLIED FAMILY SECTION

A List of Individuals Related by Marriage or Descent to the Wilbore Family

The individual names shown are recorded in three divisions, to which the numbers in right margin refers. The "W" (W-155) are a single family or group of families, descended from an individual, who cannot be connected with the main family tree because of lack of information. The numbers (BFW-6369) refer to the BFW Notes, a collection of Wilbore Births, Marriages, Deaths, etc., by Benjamin F. Wilbour. Single items indexed cannot be connected with other records. The regular family is indexed by generations, "A" for first generation, "B" for second, etc. The letter preceding the number indicates the generation of the individual listed.

ALLIED FAMILY SECTION

A List of Individuals Related by Marriage or Descent to the Wilbore Family

The individual names shown are recorded in three divisions, to which the numbers in right margin refers. The "W" (W-155) are a single family or group of families, descended from an individual, who cannot be connected with the main family tree because of lack of information. The numbers (BFW-6360) refer to the BFW Notes, a collection of Wilbore Births, Marriages, Deaths, etc., by Benjamin F. Wilbour, single items indexed cannot be connected with other records. The regular family is indexed by generations, "A" for first generation, "B" for second, etc. The letter preceding the number indicates the generation of the individual listed.

ALLIED FAMILY SECTION

A List of Individuals Related by Marriage or Descent to the Wilbore Family

The individual names shown are recorded in three divisions, to which the numbers in right margin refers. The "W" (W-155) are a single family or group of families, descended from an individual, who cannot be connected with the main family tree because of lack of information. The numbers (BFW-5365) refer to the BFW Notes, a collection of Wilbore Births, Marriages, Deaths, etc., by Benjamin F. Wilbour, single items indexed cannot be connected with other records. The regular family is indexed by generations, "A" for first generation, "B" for second, etc. The letter preceding the number indicates the generation of the individual listed.

ALLIED FAMILY SECTION

A List of Individuals Related by Marriage or Descent to the Wilbore Family

The individual names shown are recorded in three divisions, to which the numbers in right margin refer. The "W" (W-155) are a single family or group of families, descended from an individual, who cannot be connected with the main family tree because of lack of information. The numbers (BFW-6803) refer to the BFW Notes, a collection of Wilbore Births, Marriages, Deaths, etc., by Benjamin F. Wilbour, some items indexed cannot be connected with other records. The regular family is indexed by generations, "A" for first generation, "B" for second, etc. The letter preceding the number indicates the generation of the individual listed.

ALLIED FAMILY SECTION

A List of Individuals Related by Marriage or Descent to the Wilbore Family

The individual names shown are recorded in three divisions, to which the numbers in right margin refers. The "W" (W-155) are a single family or group of families, descended from an individual, who cannot be connected with the main family tree because of lack of information. The numbers (BFW-6369) refer to the BFW Notes, a collection of Wilbore Births, Marriages, Deaths, etc., by Benjamin F. Wilbour, single items indexed cannot be connected with other records. The regular family is indexed by generations, "A" for first generation, "B" for second, etc. The letter preceding the number indicates the generation of the individual listed.

ALLIED FAMILY SECTION

A List of Individuals Related by Marriage or Descent to the Wilbore Family

The individual names shown are recorded in three divisions, to which the numbers in right margin refer. The "W" (W-155) are a single family or group of families, descended from an individual, who cannot be connected with the main family tree because of lack of information. The numbers (BFW-6369) refer to the BFW Notes, a collection of Wilbore Births, Marriages, Deaths, etc., by Benjamin F. Wilbore, single items indexed cannot be connected with other records. The regular family is indexed by generations, "A" for first generation, "B" for second, etc. The letter preceding the number indicates the generation of the individual listed.

ALLIED FAMILY SECTION

A List of Individuals Related by Marriage or Descent to the Wilbore Family

The individual names shown are recorded in three divisions, to which the numbers in right margin refers. The "W" (W-155) are a single family or group of families, descended from an individual, who cannot be connected with the main family tree because of lack of information. The numbers (BFW-6869) refer to the BFW Notes, a collection of Wilbore Births, Marriages, Deaths, etc., by Benjamin F. Wilbur, single items indexed cannot be connected with other records. The regular family is indexed by generations, "A" for first generation, "B" for second, etc. The letter preceding the number indicates the generation of the individual listed.

ALLIED FAMILY SECTION

A List of Individuals Related by Marriage or Descent to the Wilbore Family

The individual names shown are recorded in three divisions, to which the numbers in right margin refers. The "W" (W-155) are a single family or group of families, descended from an individual, who cannot be connected with the main family tree because of lack of information. The numbers (BFW-5364) refer to the BFW Notes, a collection of Wilbore Births, Marriages, Deaths, etc., by Benjamin F. Wilbour, where items indexed cannot be connected with other records. The regular family is indexed by generations, "A" for first generation, "B" for second, etc. The letter preceding the number indicates the generation of the individual listed.

ALLIED FAMILY SECTION

A List of Individuals Related by Marriage or Descent to the Wilbore Family

The individual names shown are recorded in three divisions, to which the numbers in right margin refers. The "W" (W-155) are a single family or group of families, descended from an individual, who cannot be connected with the main family tree because of lack of information. The numbers (BFW-6360) refer to the BFW Notes, a collection of Wilbore Births, Marriages, Deaths, etc., by Benjamin F. Wilbour, single items indexed cannot be connected with other records. The regular family is indexed by generations, "A" for first generation, "B" for second, etc. The letter preceding the number indicates the generation of the individual listed.

ALLIED FAMILY SECTION

A List of Individuals Related by Marriage or Descent to the Wilbore Family

The individual names shown are recorded in three divisions, to which the numbers in right margin refers. The "W" (W-155) are a single family or group of families, descended from an individual, who cannot be connected with the main family tree because of lack of information. The numbers (BFW-6360) refer to the BFW Notes, a collection of Wilbore Births, Marriages, Deaths, etc., by Benjamin F. Wilbour, single items indexed cannot be connected with other records. The regular family is indexed by generations, "A" for first generation, "B" for second, etc. The letter preceding the number indicates the generation of the individual listed.

ALLIED FAMILY SECTION

A List of Individuals Related by Marriage or Descent to the Wilbore Family

The individual names shown are recorded in three divisions, to which the numbers in right marg refers. The "W" (W-155) are a single family or group of families, descended from an individual, w cannot be connected with the main family tree because of lack of information. The numbers (BFW-62 refer to the BFW Notes, a collection of Wilbore Births, Marriages, Deaths, etc., by Benjamin F. Wilbo single items indexed cannot be connected with other records. The regular family is indexed by gener tions, "A" for first generation, "B" for second, etc. The letter preceding the number indicates t generation of the individual listed.

ALLIED FAMILY SECTION

A List of Individuals Related by Marriage or Descent to the Wilbore Family

The individual names shown are recorded in three divisions, to which the numbers in right margin refers. The "W" (W-155) are a single family or group of families, descended from an individual, who cannot be connected with the main family tree because of lack of information. The numbers (BFW-6389) refer to the BFW Notes, a collection of Wilbore Births, Marriages, Deaths, etc., by Benjamin F. Wilbour, single items indexed cannot be connected with other records. The regular family is indexed by generations, "A" for first generation, "B" for second, etc. The letter preceding the number indicates the generation of the individual listed.

ALLIED FAMILY SECTION

A List of Individuals Related by Marriage or Descent to the Wilbore Family

The individual names shown are recorded in three divisions, to which the numbers in right margin refers. The "W" (W-155) are a single family or group of families, descended from an individual, who cannot be connected with the main family tree because of lack of information. The numbers (BFW-6369) refer to the BFW Notes, a collection of Wilbore Births, Marriages, Deaths, etc., by Benjamin F. Wilbour, single items indexed cannot be connected with other records. The regular family is indexed by generations, "A" for first generation, "B" for second, etc. The letter preceding the number indicates the generation of the individual listed.

ALLIED FAMILY SECTION

A List of Individuals Related by Marriage or Descent to the Wilbore Family

The individual names shown are recorded in three divisions, to which the numbers in right margin refers. The "W" (W-155) are a single family or group of families, descended from an individual, who cannot be connected with the main family tree because of lack of information. The numbers (BFW-6369) refer to the BFW Notes, a collection of Wilbore Births, Marriages, Deaths, etc., by Benjamin F. Wilbour, single items indexed cannot be connected with other records. The regular family is indexed by generations, "A" for first generation, "B" for second, etc. The letter preceding the number indicates the generation of the individual listed.

ALLIED FAMILY SECTION

A List of Individuals Related by Marriage or Descent to the Wilbore Family

The individual names shown are recorded in three divisions, to which the numbers in right margin refers. The "W" (W-155) are a single family or group of families, descended from an individual, who cannot be connected with the main family tree because of lack of information. The numbers (BFW-6369) refer to the BFW Notes, a collection of Wilbore Births, Marriages, Deaths, etc., by Benjamin F. Wilbour, single items indexed cannot be connected with other records. The regular family is indexed by generations, "A" for first generation, "B" for second, etc. The letter preceding the number indicates the generation of the individual listed.

ALLIED FAMILY SECTION

A List of Individuals Related by Marriage or Descent to the Wilbore Family

The individual names shown are recorded in three divisions, to which the numbers in right margin refers. The "W" (W-155) are a single family or group of families, descended from an individual, who cannot be connected with the main family tree because of lack of information. The numbers (BFW-6369) refer to the BFW Notes, a collection of Wilbore Births, Marriages, Deaths, etc., by Benjamin F. Wilbour, single items indexed cannot be connected with other records. The regular family is indexed by generations, "A" for first generation, "B" for second, etc. The letter preceding the number indicates the generation of the individual listed.

ALLIED FAMILY SECTION

A List of Individuals Related by Marriage or Descent to the Wilbore Family

The individual names shown are recorded in three divisions, to which the numbers in right margin refers. The "W" (W-155) are a single family or group of families, descended from an individual, who cannot be connected with the main family tree because of lack of information. The numbers (BFW-6369) refer to the BFW-Notes, a collection of Wilbore Births, Marriages, Deaths, etc., by Benjamin F. Wilbour, single items indexed cannot be connected with other records. The regular family is indexed by generations, "A" for first generation, "B" for second, etc. The letter preceding the number indicates the generation of the individual listed.

ALLIED FAMILY SECTION

A List of Individuals Related by Marriage or Descent to the Wilbore Family

The individual names shown are recorded in three divisions, to which the numbers in right margin refers. The "W" (W-155) are a single family or group of families, descended from an individual, who cannot be connected with the main family tree because of lack of information. The numbers (BFW-6369) refer to the BFW Notes, a collection of Wilbore Births, Marriages, Deaths, etc., by Benjamin F. Wilbour, single items indexed cannot be connected with other records. The regular family is indexed by generations, "A" for first generation, "B" for second, etc. The letter preceding the number indicates the generation of the individual listed.

ALLIED FAMILY SECTION

A List of Individuals Related by Marriage or Descent to the Wilbore Family

The individual names shown are recorded in three divisions, to which the numbers in right margin refers. The "W" (W-155) are a single family or group of families, descended from an individual, who cannot be connected with the main family tree because of lack of information. The numbers (BFW-6369) refer to the BFW Notes, a collection of Wilbore Births, Marriages, Deaths, etc., by Benjamin F. Wilbur, single items indexed cannot be connected with other records. The regular family is indexed by generations, "A" for first generation, "B" for second, etc. The letter preceding the number indicates the generation of the individual listed.
